

Best for 40-100 mm depth  
Super Mini channel letters & sign letters  
3 years warranty

OP-2LSM1210-1

Mini LENS LED MODULE

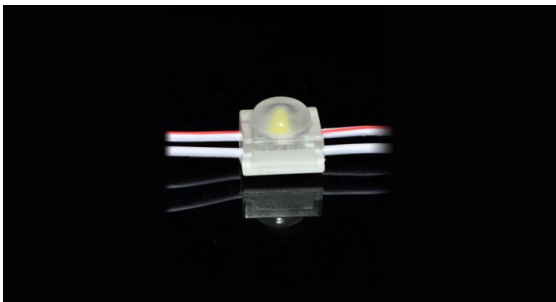

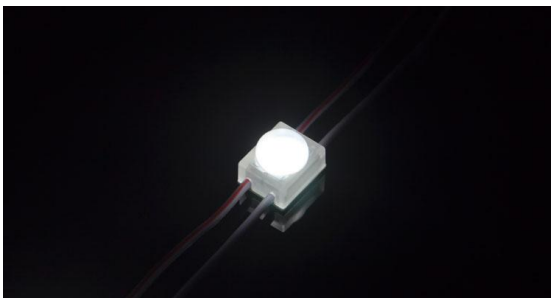

### Feature

- Super small size. Special design for small channel letters
- Injection molding process, Waterproof: IP 67
- Powered by SMD2835 LEDs. Low light decay.
- Energy saving, Environment friendly
- Wide 160° angle, makes signs Luminous uniformity.
- Long life span
- CE,ROHS approved

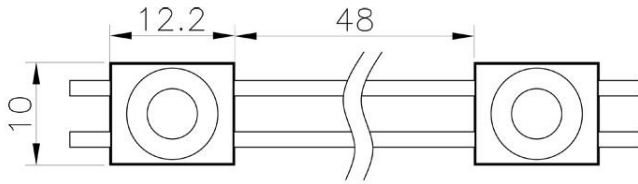

### Application

- Mini Channel letter
- Mini resin letters
- Mini Light box lighting
- Mini Logo lighting

### Product Picture

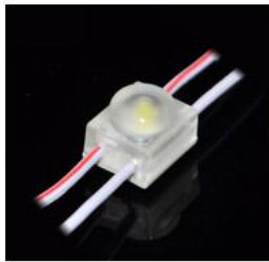

**Technical Parameter**

Part No.:	OP-2LSM1210-1
LED Type:	<b>2835 SMD LED</b>
LED Quantity:	<b>1pcs</b>
Viewing angle:	160°
Lifespan:	50000h
Single LED Brightness /Luminous (lm):	<b>35-40LM</b>
Available emitting Color:	Warm white:3000-3500K; Pure white:6000-7000K , Cool white:10000-12000K;
Working Voltage	DC12V
Power	<b>0.36W</b>
Driving Way	Constant Voltage
Connect	Red and white wire, Red wire is Anode, White wire is Negative electrode
Standard Connection Quantity	20pcs
20pcs Length	1.45m
Max in serial connection	≤50pcs
Material	Anti-static, Anti-UV,ABS
Dimension	12.2*10*9mm
Appearance Color	white
Fixed Method	Tape
	3M
Working Temperature	-20℃ ~ +60℃
Storage Temperature	-30℃ ~ +60℃
Storage Environment	Indoor ventilation, Air should be no corrosive gas, and avoid direct sunlight
IP rank	IP67

## Packing Diagram

20pcs in one line,1200pcs to a inner box,12000pcs to a carton.
