

SELF DECLARATION

PERSISTENT ORGANIC POLLUTANTS (POPS) COVERED BY REGULATION (EU) 2019/1021

Date: 30.11.2020

POPs, Persistent organic pollutants, such as pesticides and some industry chemicals, which can be transported across international boundaries far from their sources and persist in the environment, bio accumulate through the food web and pose a risk to human health and the environment.

The continuous release of POPs into the environment have been of serious concern to European Union since Regulation (EC) No 850/2004 of the European Parliament and of the Council on POPs entered into force in 2004. After being amended several times, the POPs regulation was cast into Regulation (EU) 2019/1021 of the European Parliament and of the Council in 2019.

As MT PLASTİK PVC sheet manufacturer, It is aware of its responsibilities towards the protection of the environment and human health. We always follow updates on prohibited substances and restricted substances listed. POPs Regulation, to the best of our knowledge, based on verified information, The products are in compliance with the POPs Regulation and do not contain any substances subject to it. Prohibitions listed in Annex I of Regulation (EU) No 2019/1021 and amended in 2020/784 / EU. We Continue to follow the update of the POPs regulation and ensure the conformity of our products.
